Guide for Registered Auditors

Engagements on Attorneys Trust Accounts

Independent Regulatory Board for Auditors

PO Box 8237, Greenstone, 1616

Johannesburg

This Guide for Registered Auditors: *Engagements on Attorneys Trust Accounts* (this Guide) was prepared by a Task Group of the Committee for Auditing Standards (CFAS) of the Independent Regulatory Board for Auditors (IRBA) which comprised auditors and representatives of the Law Society of South Africa, the Provincial Law Societies, and the Attorneys Fidelity Fund. This Guide was approved for issue in February 2014 and replaces the previous SAICA Guide – “*Guidance for Auditors: The Audit of Attorneys’ Trust Accounts in terms of the Attorneys Act, No 53 of 1979, and applicable Rules of the Provincial Law Societies*” that has been withdrawn.

Guidance is provided to registered auditors in the special circumstances applicable to engagements on attorneys trust accounts as required by the Attorneys Act, No 53 of 1979 and Rules of the relevant Provincial Law Society (the Act and the Rules), including an auditor’s responsibility to report a reportable irregularity. This Guide is also relevant for attorneys in understanding the nature of the engagement, and the respective responsibilities of the parties.

There is an expectation by the Attorneys Fidelity Fund, the Law Societies, financial institutions, attorneys’ clients and members of the public, that auditors of attorneys trust accounts will detect fraud and theft, whereas the main purpose of an engagement on an attorney’s trust accounts is for the auditor to evaluate the compliance of attorneys trust accounts with the Act and Rules. Accordingly the Guide contains special considerations applicable to fraud and theft in the circumstances of engagements on attorneys trust accounts.

The Attorney’s Annual Statement on Trust Account contains the attorney’s compliance representations to the relevant Provincial Law Society, and information extracted from the trust accounting records previously dealt with in the auditor’s report. The Attorney’s Annual Statement on Trust Accounts is to accompany the auditor’s report.

The Guide for Registered Auditors: *Engagements on Attorneys Trusts* may be downloaded free-of-charge in both Word and PDF Format from the IRBA website: www.irba.co.za.

This *Guide for Registered Auditors: Engagements on Attorneys Trust Accounts* provides guidance to registered auditors (auditors) in implementing the requirements of the International Standards on Assurance Engagements (ISAEs), and relevant International Standards on Auditing (ISAs), and reporting on the Attorney’s Annual Statement on Trust Accounts, in the special circumstances applicable to engagements on attorneys trust accounts required by the Attorneys Act, No 53 of 1979, and the Accounting Rules of the relevant Provincial Law Society.

Guides are developed and issued by the IRBA to provide guidance to auditors in meeting specific legislative requirements imposed by a Regulator. Guides do not impose requirements on auditors beyond those included in the International or South African Standard/s or South African regulatory requirements and do not change an auditor’s responsibility to comply, in all material respects, with the requirements of the International or South African Standards or with South African regulatory requirements relevant to the audit, review, other assurance services or related services engagements.

An auditor is required to have an understanding of the entire text of every Guide to enable the auditor to assess whether or not any particular Guide is relevant to an engagement, and if so, to enable the auditor to apply the requirements of the particular International or South African Standard(s) to which the Guide relates, properly.

In terms of section 1 of the Auditing Profession Act, No 26 of 2005 (the Act), a Guide is included in the definition of “auditing pronouncements” in the Act, and in terms of the Act, the auditor must, in the performance of an audit, comply with those standards, practice statements, guidelines and circulars developed, adopted, issued or prescribed by the Regulatory Board.

Introduction

Scope of this Guide

1. The scope of this Guide is to provide guidance to registered auditors conducting engagements on attorneys trust accounts.
2. The guidance relates to understanding the nature and characteristics of attorneys trust accounts and the nature and extent of work in the engagement, and emphasises professional competencies and professional scepticism.
3. The Guide also provides illustrative auditor's reports on reporting compliance with sections 78(1), 78(2)(a) and (b), 78(2A), 78(3), 78(4) and 78(6) of the Attorneys Act, No 53 of 1979 (the Act) and the Accounting Rules of the relevant Provincial Law Society (Law Society) (the Rules), and also on reporting on the Attorney's Annual Statement on Trust Accounts.
4. This Guide has been prepared on the basis of the present Rules of each Law Society¹ and will be updated when the Law Society of South Africa's proposed *Uniform Rules* are approved and issued.
5. There is an expectation by the Attorneys Fidelity Fund, the Law Societies, financial institutions, attorneys' clients and members of the public, that the auditor of attorneys trust accounts will detect fraud and theft, whereas the main objective of an engagement on attorneys trust accounts is for the auditor to evaluate whether an attorney's trust accounts were maintained in compliance with the Act and Rules. Accordingly the Guide contains special considerations applicable to fraud and theft in the specific circumstances of engagements on attorneys trust accounts.
6. This Guide does not provide guidance in respect of the audit or review of an attorney's financial statements, which are conducted in accordance with International Standards on Auditing (ISAs) or the International Standard on Review Engagements (ISRE) 2400, *Engagements to Review Historical Financial Statements* (ISRE 2400 Revised), as applicable.

Purpose of an engagement on attorneys trust accounts

7. The main purpose of an engagement on attorneys trust accounts is for the auditor to express a reasonable assurance opinion on whether, for the relevant financial period, the attorney's trust accounts were maintained in compliance with the Act and the Rules.
8. The secondary purpose is for the auditor to agree the information extracted from the accounting records and included in the attached Attorney's Annual Statement on Trust Accounts (Appendix 6) to the underlying records that were the subject of the engagement on the compliance of attorneys trust accounts with the Act and the Rules and report as required.

¹ Namely, the Cape Law Society; the Kwazulu-Natal Law Society; the Law Society of the Free State; or the Law Society of the Northern Provinces

9. The auditor is also required to read the attorney's representations and the other disclosures and other information in the Attorney's Annual Statement on Trust Accounts for the purpose of identifying material inconsistencies with the auditor's knowledge obtained in the course of the engagement on the compliance of attorneys trust accounts with the Act and the Rules and report thereon.

Nature of an engagement on attorneys trust accounts

10. An engagement on attorneys trust accounts to report compliance with the Act and the Rules is a reasonable assurance engagement within the scope of the ISAE 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* (ISAE 3000). Although ISAs and ISREs do not apply to engagements covered by ISAEs, they may nevertheless provide guidance to an auditor² in this engagement. The auditor is not required to express an assurance opinion on the Attorney's Annual Statement on Trust Accounts.

Effective date

11. This Guide is effective for engagements commencing on or after 1 March 2014.

The Act and Rules⁶

13. The requirements of section 78 of the Act are intended to ensure that proper accounting records are kept by an attorney relating to that attorney's trust accounts. Proper records are intended to ensure that moneys received from an attorney's client are preserved and dealt with in terms of the mandate to the attorney. The Rules impose duties on an attorney to ensure that the necessary accounting records relative to the attorney's trust accounts are kept properly, and that an auditor is appointed who

⁶ The Act uses the words "*practising practitioner*" and "*attorney*" interchangeably. For the purposes of this guide reference will be made interchangeably to the words "*practitioner*" or "*attorney*".

is required to report to the Council of the relevant Law Society in accordance with the duties assigned to the auditor.⁷

14. Relevant extracts from the Act affecting Trust Accounts, and a summary of the Rules affecting the appointment of the auditor, the auditor's right of access to the accounting records and the duties of the auditor, are given in Appendix 7. Reading these extracts is not a substitute for reading and understanding the requirements of the Act and the Rules.
15. The requirements of the Rules, the identified assurance engagement risks and illustrative responses to the assessed assurance risks are given in Appendix 1.

Characteristics of an attorney's trust account and compliance with the Act and the Rules

16. The accounting records of an attorney relate to all moneys received and expended by the attorney, including moneys deposited to a trust account, or invested in a savings or other interest bearing account, and all transactions relating to the attorney's business.
17. An attorney's trust accounts relate to records of deposits, withdrawals, transfers to and from the attorney's business account and balances on hand, which could include fees paid to the attorney and any adjusting journal entries, in terms of the client mandate. Transactions not in terms of client mandates may result in balances incorrectly reflected in the trust creditors' ledger.
18. An attorney's business accounts relate to records necessary to prepare and present the financial position, financial performance and cash flows as reflected in the financial statements of the attorney.
19. An attorney's financial statements are prepared from the transactions which pass through the attorney's business and trust accounts. However, as the trust bank accounts and the trust balances are not the respective assets and liabilities of the attorney, there is no disclosure of those balances in the attorney's financial statements, nor is there disclosure of transactions, including interest earned on balances in trust bank accounts, payable to the Attorneys Fidelity Fund. Accordingly, the auditor's engagement on an attorney's financial statements only covers the attorney's trust accounts to the extent that these may affect the auditor's opinion on the financial statements, while the auditor's engagement on an attorney's trust accounts only covers the attorney's financial statements to the extent that these may affect the auditor's opinion on whether or not the trust accounts were maintained in compliance with the Act and the Rules.
20. An illustrative Attorney's Annual Statement on Trust Accounts, for completion by the attorney in support of the firm's application for its annual Fidelity Fund Certificate, is included in Appendix 6. It contains certain financial information extracted from the accounting records of the attorney relating to the trust accounts and trust bank balances and interest, and certain declarations by the attorney, as required by the relevant Law Society and the Attorneys Fidelity Fund. A copy signed by the attorney accompanies the auditor's report.

⁷ Law Society of the Northern Provinces Rule 70.1; KwaZulu-Natal Law Society Rule 21A(1); Law Society of the Free State Rule 16B1; and Cape Law Society Rule 13.17.

21. The Rules require the keeping of identified accounting records relating to both an attorney's business and trust accounts, and the procedures applicable to maintaining those records, including adequate narrative, so that trust transactions may be understood by persons not familiar with the transactions.
22. The auditor of attorneys trust accounts performs sufficient work to:
 - a) Evaluate whether the identified records were maintained in compliance with the Act and applicable Rules and whether trust account transactions were in accordance with the client mandate, including whether transactions were supported by adequate documentation or explanation; and
 - b) Report on the Attorney's Annual Statement on Trust Accounts as required.
23. The auditor's report on an attorney's trust accounts is required by the relevant Law Society so that the attorney may obtain an annual Fidelity Fund Certificate.⁸

The engagement and the auditor

24. The Rules require a firm of attorneys to appoint a registered auditor to discharge the duties assigned to the auditor in terms of the Rules. This 'appointment' constitutes the 'auditor of the entity' contemplated in section 44(1)(a) of the Auditing Profession Act, 2005.
25. There is no requirement in the Act or the Rules for an attorney's financial statements to be audited. Such requirement may emanate from another Act, such as the Companies Act. However, an auditor is required by the Rules to undertake an engagement on the compliance of attorneys trust accounts with the Act and the Rules, whether or not an audit is conducted on the financial statements.
26. The auditor undertaking an engagement on an attorney's trust accounts requires access to the accounting records relative to the attorney's business and trust account transactions for the purpose of evaluating whether the attorney's trust accounts were maintained in compliance with the Act and Rules.
27. An auditor accepting an engagement to report on attorneys trust accounts obtains an understanding of the Act and the Rules and the engagement circumstances.⁹ The auditor is reminded of the additional risk and work that may be involved in undertaking such an engagement when an audit has not been performed on the financial statements and the auditor may, as a consequence, need to perform additional procedures to obtain an audit level of knowledge of the business transactions that impact on the trust accounts.
28. An auditor who is professionally competent to audit financial statements considers whether such auditor has the specialised skills and knowledge necessary to undertake an engagement on attorneys trust accounts.
29. An engagement on the compliance of attorneys trust accounts with the Act and the Rules, undertaken by the individual registered auditor of the entity¹⁰ comprises an ISAE 3000 reasonable assurance engagement on which an opinion (as opposed to

conclusion in the case of a limited assurance engagement) is expressed and consequently, meets part (b) of the definition of 'audit' contained in the Auditing Profession Act, 2005. In such cases the auditor undertaking an engagement on attorneys trust accounts is subject to the requirements of section 45, *Duty to Report on Irregularities*, in the Auditing Profession Act, 2005.

Respective roles and responsibilities

Attorney

30. The attorney is responsible for ensuring that attorneys trust accounts are maintained in compliance with the Act and the Rules, and for such internal control as the attorney determines is necessary to maintain the integrity of the trust accounts in accordance with the relevant client mandates, including such controls as the attorney determines is necessary to prevent and detect fraud and theft. The attorney is also responsible for the preparation of the Attorney's Annual Statement on Trust Accounts.

Auditor

31. The auditor is responsible for expressing a reasonable assurance opinion on the compliance of the attorneys trust accounts, in all material respects, with the Act and Rules, based on the auditor's procedures performed, and to report the auditor's findings on the Attorney's Annual Statement on Trust Accounts.
32. The involvement of the engagement partner is required throughout the engagement to provide adequate direction and supervision to the engagement team in the circumstances of the engagement.

Relevant Law Society

33. The relevant Law Society is responsible for establishing an investigation (whether forensic or otherwise) and a disciplinary process and for taking appropriate action against attorneys who do not comply with the Act and/or the Rules.
34. The relevant Law Society may communicate, at the request of the auditor, any complaints that come to the attention of that Law Society in respect of an attorney.
35. It is the responsibility of the relevant Law Society to examine the auditor's report on an attorney's trust accounts and make a decision on whether or not to accept the auditor's report in support of the decision to issue an annual Fidelity Fund Certificate.

Law Society of South Africa

36. The Law Society of South Africa promotes the common interests of the profession, having regard at all times to the broader interests of the community, business, the public sector and the general public whom the profession serves. It is an industry body and not a regulator.

Attorneys Fidelity Fund

37. The Attorneys Fidelity Fund¹¹, inter alia, is the recipient of claims made against the Fund for compensation for losses allegedly arising from theft of money or other property entrusted to an attorney (other than funds held by an attorney under investment mandates).

Internal control

38. There is no specific requirement in the Act and the Rules for the auditor to report on material deficiencies in internal control that have come to the auditor's attention in the course of the auditor's engagement on an attorney's trust accounts.
39. The auditor does not express an opinion on the attorney's internal control relevant to the application of the Rules. The auditor draws from ISA 260 *Communication with Those Charged with Governance* and ISA 265 *Communicating Deficiencies in Internal Control to Those Charged with Governance and Management*, that applies to an audit of financial statements, and communicates appropriately to the directors and management (those charged with governance) any deficiencies in internal control that have come to the auditor's attention. In addition, the Rules require inter alia the auditor to report to the relevant Law Society if, at any time, during the discharge of the auditor's duties, any material inquiries regarding its trust accounting records which the auditor has raised with the firm, have not been dealt with to the auditor's satisfaction. This includes inquiries regarding deficiencies in internal control.

Nature and extent of the auditor's work

40. The nature and extent of work performed is that required to express a reasonable assurance opinion on the compliance of the attorneys trust accounts with the Act and the Rules. Any material non-compliance is listed in the auditor's qualified report (Appendix 5) or an explanation is provided as to why the auditor is unable to express an opinion (refer paragraphs 73 and 74).
41. In an engagement on attorneys trust accounts the auditor may design and perform tests of controls following the auditor's evaluation of internal control. Notwithstanding that the auditor may choose to rely on controls, the extent of testing for compliance is likely to be greater, rather than lesser, especially as the auditor is evaluating compliance with all the applicable Rules and because trust account transactions are not necessarily homogenous. Accordingly, testing of internal control and transactions covers all significant trust account activities, such as Road Accident Fund and conveyancing transactions (which by their nature may be high risk if not homogenous).
42. In the engagement on information that has been extracted, the auditor agrees the financial information contained in the Attorney's Annual Statement on Trust Accounts to the underlying records that were the subject of the compliance engagement.
43. In addition, the auditor reads the attorney's representations and the other information in the Attorney's Annual Statement on Trust Accounts, for the purpose of identifying

¹¹ Refer to the Act, section 26 for the responsibilities of the Attorneys Fidelity Fund.

any material inconsistencies with the auditor's knowledge, obtained in the course of the compliance engagement on attorneys trust accounts.

Materiality

44. The auditor's determination of materiality is a matter of professional judgement. In the context of an engagement on attorneys trust accounts there is less room for judgement as the Rules are drafted for compliance and are not audited to the same levels of materiality, as in an audit of financial statements, which are prepared and presented to levels of materiality. Consequently, any instances of non-compliance of attorneys trust accounts that come to the auditor's attention, whether or not appropriately accounted for, or resolved by management, are considered qualitatively material and listed in the auditor's qualified report. Instances of non-compliance reported that have been resolved should be indicated accordingly.

Ethical requirements and quality control

45. The auditor is required to comply with the requirements of the IRBA *Code of Professional Conduct for Registered Auditors*, and should be especially aware of the requirements for independence (section 291) and professional competence and due care (section 130) in the context of engagements on attorneys trust accounts.
46. The auditor is also required to implement quality control procedures that are applicable to this engagement in accordance with International Standard on Quality Control (ISQC) 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Statements and Other Assurance and Related Services Engagements*.

Agreeing the terms of the engagement

47. The auditor agrees on the terms of the engagement with the attorney in an engagement letter or other suitable form of contract. Refer to Appendix 2 for an illustrative engagement letter.

Emphasis on professional competencies

48. The professional competencies of an auditor who accepts an engagement to report on attorneys trust accounts, and the auditor's staff assigned to the engagement, includes knowledge of the Act and the Rules sufficient to enable the auditor to conduct the engagement, including an ability to evaluate whether there has been compliance with the Act and Rules, and an understanding of the risks of fraud and theft, relative to an attorney's trust accounts. If the auditor does not have the professional competencies the auditor should not accept the engagement.

Emphasis on professional scepticism

49. The auditor exercises professional scepticism throughout the engagement, with emphasis on:
- a) Assessing the risks of fraud and theft;

- b) Determining whether there is any suspicion of misappropriation arising from fraud and theft; and
 - c) Performing procedures in response to such suspicion.
50. The auditor recognises the possibility that misappropriation due to fraud or theft may exist, notwithstanding the auditor's past experience with the firm with respect to the honesty and integrity of the attorney (which includes management and staff). Consequently, the auditor remains alert for evidence of fraud risk factors, for example, where there are changes in circumstances during the period of the engagement or where the service activities of the attorney's practice may indicate the existence of fraud risk factors.

Emphasis on special considerations applicable to fraud and theft

51. The guidance in International Standard on Auditing (ISA) 240, *The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements*, may be adapted and used by the auditor in an engagement on attorneys trust accounts. The auditor is advised to consider the Appendices to ISA 240 in identifying and assessing fraud risk factors and further examples that may be encountered in engagements on attorneys trust accounts (refer paragraph 56).
52. The auditor's inquiries include obtaining knowledge of the attorney's understanding regarding the accounting and internal control systems in place to prevent and detect fraud and error, assessing how the attorney is discharging those responsibilities, and whether the attorney is aware of any known fraud that has affected the attorney's practice or suspected fraud affecting the practice which is under investigation.
53. The nature, extent and frequency of the attorney's assessment of the risk of fraud and error are relevant to the auditor's understanding of the control environment. When the attorney has not made an assessment of the risk of fraud and error it may be indicative of the lack of importance attached by that attorney to internal controls.
54. When an attorney places strong reliance on trusted individuals with poor or non-existent segregation of duties and an absence of independent review over the accounting records and trust accounts, experience has shown that it is easy for dishonest persons not only to misappropriate funds with alacrity and ease, but also to cover their tracks to avoid detection.
55. In addition to enquiries of the attorney, the auditor makes inquiries of internal audit (if applicable), and employees within the firm, to determine whether they have any knowledge of any actual, suspected or alleged fraud affecting the firm. It should be noted that, although the auditor's inquiries of the attorney may provide useful information concerning the risks of misappropriations from the attorney's trust accounts resulting from employee fraud, such inquiries are unlikely to provide useful information regarding the risks of misappropriations resulting from management fraud. Making inquiries of persons within the firm other than management, in addition to the attorney, may be useful in providing the auditor with a perspective that is different from that provided by the attorney.

56. The fraud risk factors identified below are further examples of such factors that may be encountered by auditors in engagements on attorneys trust accounts. Not all are relevant in all circumstances, and some may be of greater or lesser significance in attorneys' practices of different sizes or with different ownership characteristics or circumstances. Also, the order is not intended to reflect their relative importance or frequency of occurrence.
- Firms that do not have a good reputation;
 - Firms that receive adverse media reporting;
 - Firms managed by sole directors or sole practitioners;
 - Sole partners or sole practitioners lacking financial and administration skills, or not having the time to perform the control functions, for which they are responsible;
 - Failure to distinguish between trust monies and business monies;
 - Failure to keep accounting records properly, which includes proper narrative for each transaction (so that transactions and balances may be identified by persons not familiar with the transactions);
 - Poor state of firm's financial position, financial performance and cash flows as reflected in the financial statements;
 - Financial statements not completed at the time of the engagement on compliance of the trust accounts with the Act and the Rules;
 - Incomplete accounting records and incomplete records relating to trust transactions and poor filing procedures;
 - Unauthorised journal entries passed through an attorney's trust accounts;
 - Journal entries that are passed over weekends, on public holidays or in a relatively large volume at period-end;
 - A high volume of unidentifiable receipts;
 - Transfers in rounded amounts, especially at period end;
 - Unusual transactions;
 - Unusual service activities;
 - Service activities carried on by attorneys, which are identified by the Attorneys Fidelity Fund, as those types of service activities where a high incidence of claims paid is experienced;¹²
 - Poor segregation of duties within the firm and reliance on key persons;
 - Contravention of any relevant legislation, for example:
 - Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001) (FICA);

¹² The report by the claims executive of the Attorneys Fidelity Fund is included in the Attorneys Fidelity Funds' annual report. This information can be accessed from the Fund's website at www.fidfund.co.za Conveyancing and personal accident service activities of firms are reported as the largest contributors to claims paid.

- Financial Advisory and Intermediary Services Act, 2002 (Act No. 37 of 2002) (FAIS)
 - Prevention of Organised Crimes Act, 1998 (Act No. 121 of 1998) (POCA);
 - Income Tax Act, 1962 (Act No. 58 of 1962);
 - Value-Added Tax (VAT) Act, 1991 (Act No. 89 of 1991); and
 - Foreign exchange regulations.
 - Any other unusual behaviour observed.
57. The auditor uses professional judgement and applies professional scepticism in deciding when it is necessary to corroborate responses to inquiries with other information. When responses to inquiries are inconsistent, the auditor seeks to resolve the inconsistencies.
58. The auditor may consider inquiring from the relevant Law Society and/or the Attorneys Fidelity Fund regarding any complaints which may have been received in respect of the management of trust monies by the firm.
59. Where instances of potential or alleged fraud have been identified, the auditor considers whether the circumstances indicate a reportable irregularity that requires investigation.

Compliance with laws and regulations

60. The auditor also considers the guidance in ISA 250 *Consideration of Laws and Regulations in an Audit of Financial Statements*. Any instances of non-compliance identified are reported as matters coming to the attention of the auditor.
61. As part of obtaining an understanding of the entity and its environment, the auditor¹³ obtains a general understanding of:
- (a) The legal and regulatory framework applicable to the profession and the service activities provided by the attorney's firm; and
 - (b) How the firm is complying with that framework.¹⁴
62. The auditor may, for example:
- Use the auditor's existing understanding of the attorneys' profession and regulatory and other external factors;
 - Update the understanding of those laws and regulations that directly affect matters included in the auditor's assurance report;
 - Inquire of management as to other laws or regulations that may be expected to have a material effect on transactions in the attorney's trust account; and
 - Inquire of the attorney concerning the firm's policies and procedures to ensure compliance with the Act and the Rules and other relevant laws and regulations.

¹³ Including the engagement team

¹⁴ ISA 250, paragraph 12, A7-A8 and, A9 in particular, regard being had to the legal and regulatory implications affecting different service lines, and client mandates, that might result in the auditor becoming aware of instances of non-compliance of an attorney's trust accounts with the Act and the Rules.

63. If the auditor becomes aware of information concerning an instance of non-compliance or suspected non-compliance with the Act and Rules and other laws and regulations, the auditor obtains:
- (a) An understanding of the nature of the non-compliance and the circumstances in which it has occurred; and
 - (b) Further information to evaluate the possible effect on fund transactions reflected in the attorney's trust account.
64. If the auditor becomes aware of the existence of, or information about, the following matters, it may be an indication of non-compliance with laws and regulations:
- Investigations of the attorney or firm by the relevant Law Society, any regulatory organisations, government departments or evidence of payment of fines or penalties;
 - Payments for unspecified services or making of loans to consultants, related parties, employees or government employees not in accordance with the relevant service activity or client mandate;
 - Payments in cash, or in the form of cash cheques payable to bearer, or electronic fund transfers to numbered bank accounts, where the payee is not identified;
 - Unusual off-shore or cross-border transactions in the attorney's trust accounts with entities in other jurisdictions (including tax havens);
 - Payments for goods or services made other than to the country from which the goods or services originated;
 - Payments without proper exchange control documentation;
 - Existence of an information system which, whether by design or by accident, fails to provide an adequate audit trail or sufficient evidence;
 - Unauthorised transactions or improperly recorded transactions;
 - Adverse media comment.

Written representations by an attorney

65. The auditor obtains written representations in respect of attorneys trust accounts from the attorney or management. It should be noted that the representations from the attorney or management do not replace other evidence the auditor reasonably expects to be available. Appendix 3 contains an illustrative representation letter.

Subsequent events

66. The auditor considers the effect on attorneys trust accounts and on the assurance report of events up to the date of the auditor's report. The extent of consideration of subsequent events depends on the potential for such events to affect the attorney's trust accounts and to affect the appropriateness of the auditor's conclusion.

Auditor's documentation

67. The auditor records matters that are significant in providing evidence that supports the auditor's report.¹⁵ This includes a record of the auditor's reasoning on all significant matters that require the exercise of judgement and related conclusions. The existence of difficult questions of principle or judgement, calls for the documentation to include the relevant facts that were known by the auditor at the time the conclusion was reached.
68. The auditor documents work performed on opening trust balances in both initial and continuing engagements.

Auditor reporting

Assurance report content

69. The auditor's assurance report content follows the guidance in paragraphs 49 and 50 of ISAE 3000.
70. In order for the auditor's opinion to be understood in the context of the engagement, the auditor's responsibility paragraph states inter alia that:

"A reasonable assurance report in accordance with ISAE 3000 involves performing procedures to obtain evidence about the compliance of the attorney's trust accounts with the Act and the Rules. The nature, timing and extent of procedures selected depend on the auditor's judgement, including the assessment of the risks of non-compliance with the Act and the Rules, whether due to fraud and error. In making those risk assessments we considered internal control relevant to the circumstances of the engagement. Our reasonable assurance engagement included the following procedures:

 - a) Considering, and applying when considered applicable in the engagement circumstances, the guidance in this Guide for registered auditors *Engagements on Attorneys Trust Accounts*;
 - b) Making inquiries of the attorney and the attorney's staff;
 - c) Testing transactions for all significant activities with the objective of evaluating whether:
 - i) transactions were appropriately identified as trust transactions;
 - ii) trust transactions were in accordance with mandates and supported by adequate documentation and narrative to identify from whom funds were received, and for whose credit; and
 - iii) deposits and withdrawals from the trust bank account were to, or for, a trust creditor; and
 - iv) transfers to the attorney's business account were only in respect of moneys claimed to be due to the attorney; and

¹⁵ ISAE 3000 paragraphs 42 to 44.

- d) Testing and/or scrutinising bank reconciliations, as considered appropriate in the engagement circumstances, and evaluating whether confirmations from financial institutions were in support of the records made available to us.”¹⁶

Illustrative reasonable assurance reports

71. Appendix 4 contains an illustrative report in respect of an unmodified opinion when the auditor has concluded that the attorney’s trust accounts were in compliance with the Act and Rules.
72. Appendix 5 contains an illustrative report in respect of a qualified opinion when the auditor has concluded that the contraventions of the Act and Rules identified were material. The auditor discloses, in the basis for qualified opinion paragraph of the auditor’s report, details of contraventions of the Act and Rules in sufficient detail to enable the relevant Law Society to pursue its own investigations should it wish to do so.
73. An illustrative report is not provided for instances when:
- (a) The auditor is unable to report compliance, due to the significance of identified contraventions (adverse opinion); or
 - (b) The auditor is unable to obtain sufficient appropriate audit evidence (qualified or disclaimer of opinion).
74. In such circumstances the auditor adapts the guidance on the layout and wording from the appropriate illustrative reports in ISA 705, *Modifications to the Opinion in the Independent Auditor’s Report*.

Report on Attorney’s Annual Statement on Trust Accounts

75. The auditor reports separately on the information extracted from the trust accounting records and reflected in the Attorney’s Annual Report on Trust Accounts in a paragraph following the assurance opinion.
76. The auditor also reads the Attorney’s Annual Report on Trust Accounts for the purpose of identifying whether the information contained therein is inconsistent with the auditor’s knowledge obtained in the course of our engagement and also reports whether, based on the reading, any inconsistencies have been identified. As the auditor has not undertaken an assurance engagement on the Attorney’s Annual Report on Trust Accounts the auditor does not express an opinion thereon.
77. When an auditor’s assurance report on the compliance of attorneys trust accounts with the Act and the Rules contains a qualified opinion, an adverse opinion or a disclaimer of opinion, the illustrative wording of the paragraph in Appendix 5 may require amendment. The auditor considers whether the qualified opinion, adverse opinion or disclaimer of opinion has any effect, or possible effect, on the consistency of the attorney’s representations and the other disclosures in the Attorney’s Annual Report on Trust Accounts, with instances of non-compliance of attorneys trust accounts with the Act and the Rules identified in the auditor’s report, and if so, the auditor amends the wording appropriately having regard to the circumstances.

¹⁶ See SAAPS 6, *External Confirmations from Financial Institutions*.

Report on other legal and regulatory requirements

78. When the auditor has reported a reportable irregularity to the IRBA, the auditor includes a paragraph on “*Report on Other Legal and Regulatory Requirements*” in his report, following the paragraph on the *Report on Attorney’s Annual Statement on Trust Accounts* that discloses the information relating to the reportable irregularity. Illustrative wording, adapted as necessary to the circumstances, may be as follows:

In accordance with our responsibilities in terms of sections 44(2) and 44(3) of the Auditing Profession Act, we report that we have identified certain unlawful acts or omissions committed by <practitioner/partners/directors> responsible for the attorney’s trust accounts of <insert the name of the attorney’s firm> which constitute reportable irregularities in terms of the Auditing Profession Act, and have reported such matters to the Independent Regulatory Board for Auditors. The reportable irregularity/ies is/are as follows: <describe....>.

Other reporting responsibilities

79. The auditor considers other reporting responsibilities, including the appropriateness of communicating relevant matters of governance arising from the assurance engagement with those charged with governance. The auditor considers ISA 260, *Communications with Those Charged with Governance*, and ISA 265, *Communicating Deficiencies in Internal Control to Those Charged with Governance and Management*.
80. “*Governance*” describes the role of persons entrusted with the supervision, control and direction of a responsible party. Those charged with governance ordinarily are accountable for ensuring that an entity achieves its objectives and for reporting to interested parties.

Auditor's responsibility

Our responsibility is to express a reasonable assurance opinion on the compliance of your attorneys trust accounts with the Act and the Rules, based on our assurance procedures performed, and to report as required on the Attorney's Annual Statement on Trust Accounts.

We will conduct our engagement in accordance with International Standard on Assurance Engagements ISAE 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*. That standard requires that we comply with ethical requirements and plan and perform the engagement to obtain reasonable assurance about the compliance of your trust accounts, in all material respects, with the Act and the Rules based on our assurance procedures to be performed, and to report as required on your Attorney's Annual Statement on Trust Accounts.

A reasonable assurance engagement in accordance with ISAE 3000 involves performing procedures to obtain evidence about the compliance of attorneys trust accounts with the Act and the Rules. The nature, timing and extent of the procedures selected depend on our judgement, including the assessment of the risks of non-compliance with the Act and Rules, whether due to fraud and error. In making those risk assessments we will consider internal control relevant to the circumstances of the engagement but not for the purpose of expressing an opinion on the internal control. Our engagement will include the following procedures:

- Considering, and applying when applicable in the engagement circumstances, the guidance in the *Guide for Registered Auditors: Engagements on Attorneys Trust Accounts* issued by the Independent Regulatory Board for Auditors.
- Making inquiries of the attorney and the attorney's staff.
- Testing of transactions for all significant activities with the objective of evaluating whether:
 - Transactions were appropriately identified as trust transactions;

- Trust transactions were in accordance with mandates and supported by adequate documentation and narrative to identify from whom funds were received, and for whose credit; and
- Deposits and withdrawals from the trust bank account were to, or for, a trust creditor; and
- Transfers to the attorney's business account were only in respect of moneys claimed to be due to the attorney; and
- Testing and/or scrutinising bank reconciliations, as we consider appropriate in the engagement circumstances, and evaluating whether external confirmations requested from financial institutions, were in support of the trust records made available to us.

Auditor's responsibility

Our responsibility is to express a reasonable assurance opinion on the compliance of attorneys trust accounts with the Act and the Rules based on our assurance procedures performed, and to report as required on the accompanying Attorney's Annual Statement on Trust Accounts.

We conducted our assurance engagement in accordance with the International Standard on Assurance Engagements ISAE 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*. That standard requires that we comply with ethical requirements and plan and perform the engagement to obtain reasonable assurance about the compliance of attorneys trust accounts, in all material respects, with the Act and the Rules.

A reasonable assurance engagement in accordance with ISAE 3000 involves performing procedures to obtain evidence about the compliance of attorneys trust accounts with the Act and the Rules. The nature, timing and extent of procedures selected depend on the auditor's judgement, including the assessment of the risks of non-compliance with the Act and the Rules, whether due to fraud and error. In making those risk assessments we considered internal control relevant to the circumstances of the engagement. Our reasonable assurance engagement included the following procedures:

- Considering, and applying when considered applicable in the engagement circumstances, the guidance in the *Guide for Registered Auditors: Engagements on Attorneys Trust Accounts* issued by the Independent Regulatory Board for Auditors;
- Making inquiries of the attorney and the attorney's staff;
- Testing transactions for all significant activities with the objective of evaluating whether:
 - Transactions were appropriately identified as trust transactions;
 - Trust transactions were in accordance with mandates and supported by adequate documentation and narrative to identify from whom funds were received, and for whose credit;
 - Deposits and withdrawals from the trust bank account were to, or for, a trust creditor;
 - Transfers to the attorney's business account were only in respect of moneys claimed to be due to the attorney; and
- Testing and/or scrutinising bank reconciliations, as considered appropriate in the engagement circumstances, and evaluating whether confirmations from financial institutions were in support of the records made available to us.

We believe that our work performed and evidence obtained is sufficient and appropriate to provide a basis for our opinion.
