

Invitation to a webinar on Tax Directives

Dear Taxpayer

The South African Revenue Service (SARS) invites you to a webinar on Tax Directives for taxpayers, tax practitioners and fund administrators.

A tax directive is an official instruction from SARS to a taxpayer's employer or fund manager to deduct tax at a set rate, determined by SARS. This directive ensures that a fair rate of tax is paid on your earnings, especially for larger or irregular payments. An approved tax directive is only valid for the tax year or period that it was applied for.

Our strategic objectives include providing taxpayers with clarity and certainty, as well as making it simple for them to meet their tax obligations. The aim of the Tax Directives webinar is to educate the taxpayer on this specific process.

As an important stakeholder, we invite you to join the webinar, and to extend the invitation to other interested parties. The following topics will be covered:

- Types of Tax Directives
- Type of Tax Directives by Tax Practitioners on behalf of Individuals and Employers
